

## Access to stagings

Dated	01.07.2014
Review Date	01.07.2015

### Hazard Identified

Footfall damage to site

Slips and falls due to uneven ground

Damage by high tides to vehicles

### Action to be taken to minimise risk

Take the general pathway route from the road / hard standing to the staging

Take extra care when walking through long grass where the terrain is obscured, in the dark or covered with water during spring tides

Club Members vehicles to be parked above the high water level on the Reserve South car park or in the club car park behind the sea defence wall.

Vehicles are not to be parked on the slipway hard standing overnight.

Vehicles are not to be parked on the slip road at any time.

Members vehicles are to show a club parking pass at all times when left on the site
